### **An Example of a Personalized Musical Arrangement Contract**

*Andrieux House Music Publishing Company (AHMPC)* agrees to arrange your Bible Verse or Biblically based composition. You, Henry Johnson, must be the copyright owner either by ownership or inheritance. AHMPC will completed said composition no later than the agreed date. I will use the King James Version: in Spanish the Reina-Valera Angtigua version of the Holy Bible, because these versions are in the public domain.

Johnson (or Johnson and Johnson, Inc.) agrees to pay AHMPC \_\_\_\_\_ (the amount) before mentioned work is begun.

AHMPC will require 50% down to begin work on said musical arrangement \_\_\_\_\_ . AHMPC will relinquish all rights for the proposed musical composition upon receipt of final payment for said work to Johnson. (Or Johnson & Johnson, Inc.)

AHMPC will only provide written music for the first four levels of the said musical arrangement: professional recorded music for the fifth level.

AHMPC will professionally record the musical composition if you chose the fifth level. Recording will be done at The Banquet Studios in Sebastopol, California. The sound engineer will be Darryl Webb.

AHMPC will not redo a musical arrangement without previous authorization via a change order. (Separate contract) All spelling errors and rhythmic errors will be corrected by AHMPC. Necessary key changes will be done by AHMPC at no extra cost by using the computer software "Finale".
